Is this trip for me?
Absolutely! This trek is suitable for all ages with the correct training. The minimum age for this trek is 18 years old (14-17 years must be accompanied by a parent or legal guardian). The one thing everyone will have in common is a great sense of adventure and the desire to help a charity. Whether you are taking part as an individual or as a team with friends, team spirit will be flying high on the challenge.

How fit do I need to be?
This challenge has been graded as Challenging (1) on our challenge grading scheme meaning the trek has been designed to be challenging but achievable as long as you train beforehand. You will be trekking for 5 consecutive days, and at high altitude and in varied temperatures, so a good cardiovascular fitness is required – the fitter you are the more you will enjoy the challenge! We will provide you with a full training guide once you register, this is also available to download via our website. Why not join one of our challenge training weekends – it’s a great opportunity for you to meet our team and other challengers, and train together prior to the event.

What is the challenge grading scheme?
All of our challenges are graded on a scale from 1 to 3 to indicate the level of difficulty, 1 being the lowest challenge grade and 3 being the most challenging. (1 = Challenging, 2 = Tough and 3 = Extreme).

Where will we stay?
On the return train journey from Delhi to Pathankot, we will stay in four berth air-conditioned cabins on the overnight train. While in Dharamsala and Agra we will stay in hotels; twin share with en-suite washing facilities. Whilst on trek we will be camping – all tents and camping equipment will be provided but participants are expected to bring their own sleeping bags.

Do I need specialist kit?
We will supply you with a kit list of what to take once you register to take part. Apart from broken in trekking boots, some trekking poles and a good quality sleeping bag you do not need any specialist kit.

Do I have to carry my own luggage?
No. Participants will only have to carry a day pack (for items such as sunscreen, water, sun hat, camera, etc.) and your kit bag will be carried from camp to camp by our porters. You will be able to leave your main piece of luggage at the hotel in Dharamsala.

A local English-speaking medic will also be joining the trek.

What happens if I get tired?
There will be regular rest stops for drinks and snacks – there is no problem with you taking more rest stops should you need them. A guide will be bringing up the rear of the group ensuring no-one is left alone. Remember this is not a race! The main physical problem you may encounter is altitude sickness, which can occur over 2,500m – the maximum altitude on this challenge is approximately 3,550m.

Will the altitude affect me?
Your physical fitness will not affect your ability to cope with the altitude, however the fitter you are the better you will cope in general whilst on the mountain. Altitude sickness is caused by decreased oxygen concentration in the blood due to the lower atmospheric pressure at high altitude. All individuals are affected differently, but symptoms can include breathlessness, nausea and headaches. Please be assured that this trek has been designed to maximise your chances for sufficient acclimatisation i.e. the speed at which we trek, the route taken, acclimatisation days taken and the number of highly trained experts in the support team.
